Dear Mr. Cao:

The EZ Street Driving School continuing education courses for Driving School Instructors and Operators submitted as **online lesson plans** has been reviewed and is hereby approved.

The department will accept proof of participation in these courses as evidence of six (6) hours of continuing professional education for Driving School Instructors and Operators only.

Any changes altering the basic format of the lesson plans must be submitted to and approved by the department prior to implementing. Top Notch Driving School is responsible for revising the approved lesson plans to ensure that all required subject areas presented reflect substantial ongoing changes in related statutes, regulations or other requirements.

You will need to submit to Occupational Licensing a roster identifying the attendees on the 1st day of each month. The roster needs to include a statement to be signed certifying under penalty of perjury that all attendees satisfactorily completed the designated number of hours of training the previous month. In addition to the roster you will need to provide a certificate of completion to each attendee certifying the individual completed an approved traffic safety related course which specifies, the attendee's name, the provider's name, the actual hours completed, and the date(s) they took and finished the course.

Sincerely,
